Son! Our next destination is Odin!
And if I meet her, I will be able to find out Daboross location!
Yeah!
The princess, she is currently nowhere to be found. She is gone
This is the princess of Odin
I remember being given a poster
she disappeared few months later after Jurd rescued her

She left a letter, saying "Don't worry about me!" and just disappeared.
Already a lot of people has sought her
Uwaaaaa! We could even be rewarded if we find her!
She hasn't been found for last 10 years. It's even unsure that whether she's alive or dead now
I knew
Think you didn't know this?
If she's still alive she'd be 15 or 16
Anyway it seems certain that he's a strange hero
What kind of person was Jurd? Everyone speaks of him differently split personality?
Our only and last hope is gone

Your journey has a meaning and is not a waste
